Capturing Action

---

- Show up early, stay late
- Check to see if this game has significance
- Shoot everything, submit defining moments
- Turn around every now and then
- Write good captions – explain jargon
- Sports photos do not have to be event photos

# Overview

---

- Fast shutter speed – think 1/500 or faster
- Anticipate action
- Focus ahead of time
- Use angles to your advantage
- Pan with action
- Use peaks – apex of ball, for example
- Notice lighting
- Use continuous shooting
- Remember depth of field

# Tips

---

- Long lens – use a monopod or tripod
- Use higher ISOs
- Protect yourself and your equipment
- Think wireless
- Light the whole event!
- Learn about the sport
- Follow the player, not the ball (puck, etc.)
- Avoid clichés
